

IMS POLICY

Doc No-POL/IMS/01 ;
Rev. No.-02;
Rev. Date-26.09.2018.

We at BBM, emphasize continual integration and customer orientation to meet market, customer and other applicable requirements.

We are committed to:

- a. Customer satisfaction by designing, manufacturing and supply of Noise Control system including Air Intake, Exhaust systems and Exhaust Plenum.
- b. Increased reliability through in-time and quality supply to our esteemed customers and further development in our quality assurance.
- c. Adoption of new technology across Products.
- d. Optimize utilization of our resources for productivity and cost effectiveness.
- e. Comply with all applicable legal and other requirements.
- f. Conserve natural resources and dispose waste in eco-friendly manner.
- g. Protect the environment and prevent pollution.
- h. Provide safe and healthy working conditions for preventing injury and ill health by eliminating hazards, reducing OH&S risk and risks associated with all activities.
- i. Involve our workers in the IMS through consultation and participation.
- j. Improve the IMS performance through continual thrust.

We would strive, to achieve these goals by continual improvement in our processes, product quality, services and management systems to meet customer expectations through team work.
